Automate and Streamline your Budgets with
SAP Concur solutions and SAP S/4HANA Funds and Grants Integration

Blueprint Technologies
Our Capabilities Our People

Integration of SAP Concur solutions with SAP S/4HANA for Funds and Grants Management, streamlines & optimizes budget tracking and enhances financial oversight.

The Funds and Grants Integration (FGI) helps in real-time validation and automation of the allocated budgets during request and expense submission stages to provide better management and tracking of funds. The integration will provide organizations with a **range of benefits**, including:

**Streamlined Budget Tracking**

Improved Budget Control

Enhanced Decision Making

Reduction of Manual Reconciliation

HERE'S HOW IT WORKS

FGI works seamlessly with Concur Expense and Concur Travel Request

**Align budget tracking with budgetary controls and grant compliance.
Ensure transparency, accountability, and efficiency in financial management.**

Take the next step towards greater efficiency and effectiveness - explore how this integration can transform your organization's financial operations today!
